OBJECTIVE

As an emerging Electronics and Communication Engineering expert with a strong academic background from “Rajiv Gandhi University of knowledge and technologies” with CGPA of 8.2, I possess proficiency in Python, SQL, Object-Oriented Programming, java. Notably, I developed an Employee Management System utilizing MySQL and Python, showcasing my ability to integrate database management and programming to address real-world challenges. I am eager to apply my skills and enthusiasm for coding to contribute to your team's success.

EDUCATION

Bachelor of Electronics & Communication, Rajiv Gandhi University Of Knowledge Technologies, Srikakulam
CGPA 8.2 **2021-2025**

Pre-University Course, Rajiv Gandhi University Of Knowledge Technologies, Srikakulam
CGPA 8.9 **2019-2021**

Secondary School Education, Municipal High School 2nd ward, Proddatur
CGPA 10 **2018-2019**

SKILLS

Programming languages Python, Basics of Java

Web Technologies Html, Css

Database Languages MySql

Soft Skills: Leadership, Team Collaboration, Problem Solving, Communication, Adaptability,

CODING PROFILES

- *Leet Code*
- *Hacker Rank*

PROJECTS

- **Employee management system :**

The Employee Management System is a robust application designed to handle various aspects of managing employees within a company. It leverages MySQL for database operations and Python for the application logic to provide a seamless interface for managing company data.

- **Languages and Tools Used :**

Python: The main programming language used to develop the application logic.

MySQL: Database management system used for storing and querying company data.

ACHIEVMENTS

- *Solved 100+ problems on hacker rank.*

CERTIFICATIONS

- *Great Learning (Python) - 2023-2024*

LANGUAGES

- *English*
- *Telugu*
